

Stainless Steel Wires

Manufacturer & Exporter

STAINLESS STEEL WIRE

Singh Wire Industries

Motto: Our satisfactory behavior - customer's 100% satisfaction

STAINLESS STEEL WIRE

GRADE : 304, 304L, 303, 304CU, 201,202,204CU,302HQ, 302, 304HC, ER308L, ER309L, 316,316L,ER316L,410,430 ETC

DIAMETER : 0.10mm to 5.5mm

CONDITION : 1/4 Hard, 1/2 Hard, Full / Spring Hard

FINISH : Bright, Matt, Soap Coated Or Electro Polish Quality

APPLICATION: Auto Motive Products, Wire Ropes, Spring, Cut Shot, Mig & Tig Welding, Braiding Hoses, Brushes, Chains, Kitchen Ware & Gadgets, Needles, Pins, Surgical Equipments, Scrubber Etc.

Rope Wire

(Auto Cable Inner & Outer)

**We Offer High Quality
Stainless Steel Wire For Steel Ropes**

Our wire have smooth surface, high corrosion resistant, high fatigue strength, Excellent heat, resistance, & free from lateral/ longitudinal cracks, pits & marks etc.

GRADES	302, 304, 310/s, 314 & 316
DIAMETER	0.10mm To 5mm
CONDITION	Hard
FINISH	Bright Or Matt Finish
TOLERANCE	+/- 0.003mm
APPLICATION	Lifts, Cranes, Auto Cables Inner & Outer

SPRING WIRE

Our stainless steel wire for steel springs are high tensile Strength wires for precision springs, compression springs, Tension springs, pins etc.

Our wire have smooth surface, high corrosion resistant, high fatigue strength, Excellent heat, resistance, & free from lateral/ longitudinal cracks, pits & marks etc.

GRADES	302, 304 & 316
DIAMETER	0.10mm To 5mm
CONDITION	1/4 Hard, 1/2 Hard, Full Hard
FINISH	Bright Or Matt Finish
TOLERANCE	+/- 0.003mm
APPLICATION	Hardwares, Electronics, Electricals, Auto Mobiles, Oil Seal, Industrial Usages

Cut Shot Wire

our stainless steel wire in bright & matt finish have high resistance to corrosion. these wires are used in manufacturing of cut shot.

GRADES	201, 202, 304 ,204CU
DIAMETER	0.40mm To 1.2mm
CONDITION	Hard, Half Hard
FINISH	Bright Or Matt Finish
TOLERANCE	+/- 0.003mm

Kitchen Ware & Utensils Wire

our wire for kitchen ware & utensils are suitable for electro polishing. they find application in food industries, medical applications decorative & architectural used.

Grades	201, 202, 304 ,204CU, 316Q
Diameter	1.00mm To 7mm
Condition	1/4 Hard, 1/2 Hard, 3/4 Hard
Finish	Full Hard
Tolerance	Bright
Application	+/- 0.003mm
	Used For Manufacturing Fabricated Baskets, Trolleys, Trays, Kitchen Appliances Etc.
